VOLUME I: HULA KUAHU

ANCIENT HULA HAWAIIAN STYLE VOLUME I: HULA KUAHU HOCD2010

Hana Ola Records proudly presents the voices of legendary chanters on Ancient Hula Hawaiian Style, Volume I: Hula Kuahu. Drawn from the archives of 49th State, Bell, Hawaiian Transcriptions, Tradewinds and Waikiki Records, this collection brings together – for the very first time – hula chants of the greatest antiquity, as safeguarded by revered master chanters of the mid-20th century. Chants selected for Volume I belong to the sacred hula pahu and hula ‘āla‘apapa repertoires, and hula dedicated to Pele, the fiery goddess who resides at Kīlauea Volcano. 24-page liner notes include historical essay, performer profiles, and all Hawaiian-language texts and translations. Curated by respected scholar Dr. Amy Ku‘ūleialoha Stillman.
